PALMOLIVE BRINGS YOU *All-over Loveliness*

A lovely lady looks from her Nylon shower curtain to give you the secret of true skin beauty. She has proved that the velvet-smooth lather of Palmolive Soap gently cleanses the pores and gives the skin a beautifying massage at the same time. That is why she steps from the bath with her skin smooth and glowing and truly "schoolgirl complexion".

Palmolive Soap contains a balanced blend of olive and palm oils. These oils have been recognised as beauty aids for centuries.
