INDIGESTION BETTER

YOU could eat this

You must eat, and there's no reason why every meal should not be a pleasure. But if you pay for it afterwards with flatulence, heartburn, pain or discomfort, it's time you turned to De Witt's Antacid Powder for help.

Stomach acidity is neutralised so quickly that often the first dose will give relief from pain and discomfort. Then your stomach—soothed, sweetened and protected by De Witt's Antacid Powder—will be far better able to digest a good square meal. Get a canister from your chemist to-day.
