

# IT HAPPENS *Two seconds -* WITHIN

Within two seconds after starting down the inrun, expert jumpers have hit the amazing speed of 60 m.p.h. on their skis . . .

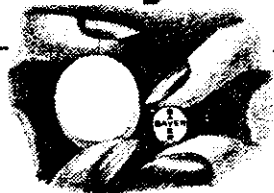

MAKE THIS GLASS-OF-WATER TEST YOURSELF

By dropping a Bayer's Aspirin Tablet into a glass of water, you can see why it gives such quick relief from Headache. For what it does in the water, it does when you swallow it; starts to disintegrate within two seconds — begins to work almost instantly!

Within two seconds after you take it, Bayer's Aspirin actually starts to go to work to bring you

## *fast pain relief!*

THREE important steps . . . not just ONE . . . give Bayer's Aspirin its 2-second speed.

1. The aspirin powder is tested and compressed into giant tablets eight times the normal size.
2. These "giants" are crushed back to powder and sifted through an exceedingly fine screen.
3. Only then are the tablets with the famous Bayer cross finally made.

Bayer's could make aspirin tablets without taking these three steps but because they *do* take them, Bayer's Aspirin starts to work within 2 seconds to relieve Colds or 'flu. If pain persists, see your doctor. He alone should advise you about persistent pain.

No. 2:  
Crown  
Derby

The old Derby Porcelain works, founded by William Duesbury in 1750, gave one of the greatest names to the history of English china. Early Crown Derby is famous for the beautiful soft glaze (which afterwards crazed in a multitude of small cracks) and for the many fine painters who worked on it. Teapots which cost ten guineas when they were made have changed hands for £250.

# BELL

It's nice to have a beautiful teapot, but after all, it's the tea that matters. BELL is

THE TEA OF GOOD TASTE
