**IS RELIEVED**

It's grand to get to work again untroubled by rheumatic pains and twinges. If you're "going through it," wondering where to turn for relief, remember De Witt's Pills really do help when faulty, sluggish kidney action is causing rheumatics. Impurities which should be trapped and expelled by the kidneys, stay in the system and are often a cause of those aches and pains. That is why De Witt's Pills can do so much good. Waste matter and impurities are gently cleared away and the kidneys are stimulated to full activity. Get a bottle to-day.
