***"I like your  
cheek...  
it's so  
smooth!"***

Girls like their men with smooth, well-groomed faces. So easy when you use Q-TOL SHAVING CREAM, with the **better-than-average lather**. It's **wetter**—stays moist throughout your shave and holds the beard up, enabling your blade to cut closer and cleaner. Makes shaving speedier, too. Try Q-TOL SHAVING CREAM. Feel your face afterwards. **Smoother** than you've ever known.
