The food that *must*
do you good!

The foods we eat every day (including our daily bread and all white flour products) are mostly un-natural because modern refining processes destroy the all-important elements of natural foods—such as the B Group Vitamins. These elements must be replaced if our systems are to extract the goodness from foods. The ideal way is to add Brufax to the family diet. Eat Brufax with bread and you're restoring Nature's own balance... you're regaining physical and nervous well-being!

BRUFAX

JUST NATURALLY
GOOD FOR THE FAMILY!

What Brufax Is

Brufax is a special yeast culture scientifically prepared. It does not ferment or "work." Brufax is the richest, the most complete, and the perfectly balanced form of the elements of natural foods which cause their correct assimilation by the human system.

What Brufax Does

Brufax restores Nature's balance in your diet. It helps your system to extract the full goodness from the foods you eat, and aids in ensuring correct nourishment of the nervous system. **Everyone needs Brufax every day!**
