EVERY MOTORIST'S OBLIGATION

SAVE PETROL

We must reduce our petrol consumption by 10% overall. Every motorist can use less. It is up to the private car owner to make a greater reduction where commercial services may not be able to make a full 10% saving.

PRACTICAL WAYS OF SAVING PETROL

Private Motorists: Share rides. Check mileage and engine efficiency. Shorten pleasure trips. Use trains and buses whenever you can. Where possible walk to work—summer is nearly here.

Commercial Users: Plan deliveries to prevent empty trips. Check mileage and engine efficiency. Don't use commercial vehicles for pleasure trips.

HELP BRITAIN

Less petrol used here will greatly help Britain in her economic crisis. Britain will come through — with your help.

Compulsory rationing would require the services of about 400 people. Voluntary rationing will avoid this.

IT'S UP TO YOU TO PLAY YOUR PART!
