

INDIGESTION BETTER

YOU
could eat
this

You must eat, and there's no reason why every meal should not be a pleasure. But if you pay for it afterwards with flatulence, heartburn, pain or discomfort, it's time you turned to De Witt's Antacid Powder for help.

Stomach acidity is neutralised so quickly that often the first dose will give relief from pain and discomfort. Then your stomach—soothed, sweetened and protected by De Witt's Antacid Powder—will be far better able to digest a good square meal. Get a canister from your chemist to-day.

More and more people are discovering that there is nothing quite as good as Steradent for keeping dentures white, sparkling, and thoroughly clean. Steradent penetrates every crevice, removes film and stains, and sterilizes at the same time, removing the possibility of infection.

Dissolve a capful of Steradent in half a glass of warm (not hot) water. Immerse your dentures overnight, or for 20 minutes while you dress. Rinse well. For all dentures, including Acrylic Resins.
