

Hillman Minx  
Super De Luxe  
4-Door Saloon

## YEAR IN — YEAR OUT *Reliability*

Under the sleek lines of the Hillman Minx is a rugged reliability that ensures year in, year out satisfaction. Look at its immensely strong pressed steel chassis welded to its all-steel body—its robust 35 b.h.p. engine—its big, duo-servo brakes—its four big-car springs—its four forward gears—these are factors which contribute to the long life of the Hillman Minx, the car that has won a world-wide reputation for reliability and ECONOMY. You are invited to examine the Hillman Minx in detail and see for yourself why it is to-day's best buy.

A product of the great Rootes Group. Regional Representative, Fishermen's Bend, Port Melbourne, Australia.

## FOR SAFETY CHECK YOUR SILENCER

A leaky, worn out silencer is a menace, because deadly poison exhaust gases are liable to seep into your car, and cause a serious accident or even death. If your silencer is corroded and clogged, it restricts the flow of exhaust gases, affects engine performance, and robs you of precious miles. The safest and most sensible thing to do is drive to **YOUR GARAGE** and ask to have a brand new **ACE** silencer fitted—the correct type specified for your particular make and model of car.
