ACID STOMACH

Here's
REAL
Help

De Witt's Antacid Powder neutralises excess stomach acidity (hyperacidity) so quickly that a single dose usually relieves pain and distress. So, if you suffer after eating, you'll find this effective remedy does indeed give **REAL** help.

But De Witt's Antacid Powder does more than stop pain and neutralise acid. A timely dose soothes and protects the inflamed lining of the stomach, so that the next meal will not mean a new and worse attack of indigestion. Experience proves De Witt's Antacid Powder is of the greatest value in all those conditions of upset digestion where a good, family remedy is required. Get a canister from your chemist to-day and see how much better you feel—after the first dose.
