

# A NEW POWER FOR GOOD LET LOOSE ON THE WORLD

## The Greatest Book of the Age

### New Health, Wealth and Happiness for You!

"The Master Key" is put up in book form for personal reference, although it is no ordinary book. It is unique, efficient, and complete in itself. It expounds very fully a certain method of thinking which when adopted will raise the standards of life to the correct ways of thinking and towards a new and better social system.

Are you prepared to go on through life the way you are? Getting nowhere in health, wisdom, power or wealth, when the "Master Key" can bring all these things to your finger-tips. You are not! The qualities and talents that already distinguish you from the majority, urge you to give them true freedom to carry you up to the heights which you want to reach. The "Master Key" reveals to you the great secret of life, the mysteries of the mighty invisible power by which everything that exists is brought into being. This grand Tome, simply worded, complete, unique, empowers you to understand, control and operate Nature's Law of cause and effect.

While other systems of thought concern and deal with the manipulations of things, the "Master Key" instructs you in the causes whereby conditions are created. Thus with this knowledge you do not wait for things to happen, you make them happen. It is the key to every system of thought in existence, whether ancient or modern. It is the key which is being used by the strong people of the world, those who do not believe in the virtue of poverty or the beauty of self-repression.

The "Master Key" should be available for study and reference in every home. It is a book which everyone can and should read. Over 202,000 people have purchased the "Master Key" and the thousands of testimonials which have poured into the publisher's office have shown their enthusiasm of this message.
