The food that *must* do you good!

The foods we eat every day (including our daily bread and all white flour products) are mostly un-natural because modern refining processes destroy the all-important elements of natural foods—such as the B Group Vitamins. These elements must be replaced if our systems are to extract the goodness from foods. The ideal way is to add Brufax to the family diet. Eat Brufax with bread and you're restoring Nature's own balance . . . you're regaining physical and nervous well-being!
