TEST YOURSELF

Drop a Bayer's Aspirin Tablet into a glass of water. See it start disintegrating within *two seconds*. The same quick action occurs when you take Bayer's Aspirin. That's why you get such quick relief from headache.

Within 2 seconds after you take it for Headache
Bayer's Aspirin is ready to go to work to bring you

fast pain relief!

THREE important steps... not just ONE...
give BAYER'S ASPIRIN its 2-seconds speed!

1. The aspirin powder is tested and compressed into tablets 8 times larger than normal.
2. These "giants" are crushed—reduced again to powder—which is passed through an extremely fine screen.
3. After the "binder" is added, the familiar... quick acting Bayer's Aspirin bearing the famous cross is made.

This painstaking 3-way operation is responsible for the astonishingly fast disintegrating action of Bayer's Aspirin—an action so swift that Bayer's Aspirin goes to work to relieve headache almost the instant you take it... if pain persists, see your doctor. He alone should advise you about persistent pain.
