**AUSTIN**  
2-3-5 TONNERS

Austin Trucks are a *thorough* engineering job with every part—including the new o.h.v. engine—specially designed to do the work for which each Austin Truck is made. The scientific gearing gives exceptional pulling power at low speeds, through heavy ground or up hills, but when the load is light or the going level full use can be made of engine speed.

Ask your local Austin Distributor to tell you about the many satisfied owners of Austin Trucks.
