The ideal holiday for  
women who deserve  
a change from  
cooking & housework

Peace, rest, good cooking and supreme comfort are only a part of your holiday at Mount Cook during these "special-rate" periods. You can add to all this the scenic beauty of this holiday wonderland . . . with its climbs and thrills for the young-and-active to the quieter pleasure of walks and exploration for the not-so-young.

In this land of lakes and tall mountains you can really relax. The high level atmosphere is so remote from the rush and worries of everyday life. If you want an inexpensive, peaceful holiday why not plan to go to the Hermitage between September 15th and December 21st or between April 1st and May 7th—when you save 7½% on normal tariff if you stay a whole week or more. Post the coupon below for full information on the cost of accommodation and transport.
