the Soil - HEAVY
the Country - ROLLING
the Speed - 3 M.P.H.
the Plough -
3 FURROWS

Here is a typical example of the outstanding capabilities of the English FORDSON MAJOR Tractor . . . heavy soil conditions, rolling country, a three-furrow plough. Operating in second gear, the FORDSON MAJOR eats up this work at a steady 3 miles per hour. In many instances the FORDSON MAJOR is handling four furrows with equal ease. Exceptional power is one of the foremost features of the FORDSON MAJOR. Its

drawbar rating is 24.5 horsepower—achieved by the introduction of the Spur-Gear Type Final Drive. It's your assurance that the FORDSON MAJOR will do everything you ask of it. Prove it by asking your Ford Dealer to demonstrate the FORDSON MAJOR Tractor on your own land. He will give you full information, or you can write for it to Ford Motor Company of New Zealand Limited, P.O. Box 12, Lower Hutt.

The most economically operated tractor
in its horsepower class.
