They're the new plastic dentures

Making Acrylic Resin plastic dentures: the final stage.

Yours may be the same new type of plastic dentures, but whether they are or not, Steradent will take care of them. Just leave your dentures over-night, or 20 minutes while you dress, in a solution of Steradent prepared as directed on the tin. Film and stains disappear—every crevice is sterilized, leaving your dentures hygienically clean and fresh.
