HOUSEWORK —
KEEP YOUR**

Honeymoon Hands

Many simple household tasks such as cleaning, dusting, preparing vegetables, washing dishes, washing clothes, tend to dry out the natural oils of your hands. Then hands get rough, red and coarse. That's why it pays every bride to keep a bottle of Q-TOL SKIN EMOLLIENT in her kitchen. Q-TOL "sinks in," helps replace natural oils, beautifies the hands. Even neglected hands quickly recover their useful softness. Get yourself Q-TOL and use it every time you've had your hands in water!
