

Women have every reason to vote for

COMPULSORY MILITARY TRAINING

EX-SERVICEMEN Make This Earnest Appeal. Returned men from two wars gratefully remember the wonderful support they received from the women of New Zealand. Now they ask it again—to **prevent** war. Safety lies in a strong nation. Preparedness can ensure security. If war should come, we, who know so well what it means, are appalled at the possibility of an untrained and ill-equipped Army taking the field . . . for this would again lead to unnecessary sacrifice of young lives.

Therefore we urge you to **VOTE FOR COMPULSORY MILITARY TRAINING.**

Mark your Voting Paper—

I vote for Compulsory Military Training

~~**I vote against Compulsory Military Training**~~
