## Are you addressing

# R.D.

## mail correctly?

In New Zealand very large numbers of people are served by rural mail deliveries. This service has been so expanded within the last ten years that today over 47,000 individual boxholders are served by Post Office rural deliveries. This means that of the 300 million postal articles handled by the Post Office each year, a large proportion—many millions—go to rural boxholders. Mail for rural delivery, particularly from cities and towns, is often incompletely addressed. The possibility of delay and confusion will be avoided if you address fully. Remember, there may be several rural deliveries operating from one place. Use locality names if you wish, but make sure you use the name of the rural delivery.

ISSUED BY THE POST OFFICE

**NEW RELIEF!**

"Steam Out" Misery of  
**DEEP BRONCHIAL  
COUGHS and COLDS**

Its concentrated medication brings  
instant relief with every breath!

YOU KNOW what wonderful relief you get when Vicks VapoRub is rubbed on for a cold. Now here's a special way to get extra relief when severe bronchial irritation makes you miserable with tight, chokey phlegm, painful congestion, cough and difficult breathing. It's "VapoRub Steam!"

Just melt a good spoonful or two of VapoRub in a bowl of boiling hot water, or in a regular vaporizer. Then inhale the intensified medicinal vapours.

WITH EVERY BREATH, VapoRub's soothing, medicated vapours work deep, deep in the inner air-passages that ONLY vapours can reach direct. They soothe irritation, loosen deep phlegm, relieve

congestion and stop hard, dry coughing spasms almost instantly!

AND, FOR NIGHT-LONG  
DOUBLE COMFORT:

After the "VapoRub Steam" treatment, rub VapoRub on chest, throat and back at bedtime. Generously! Then you'll get the full benefit of its prolonged double action while you sleep: its soothing inhaled vapours plus its warming poultice action through the skin. Try it tonight!
