An Aching Back

As most people know at one time or another, an aching back can be a great trial. Pains in the small of the back, joint and muscle pains and many other rheumatic symptoms, may be caused by sluggish kidney action leaving impurities in the system. Proper elimination of waste matter by healthy kidneys is as important a function as correct bowel action.

A few De Witt's Pills taken occasionally will help to keep you fit in more ways than one. Not only do they assist sluggish kidneys back to normal, but they also have a soothing and cleansing action on the whole of the urinary channels.
