"Your chosen career is Worthwhile

both to the community

and yourself"

says Sir Thomas Hunter, K.B.E. in presenting the Dental Nurses Medal and Diploma to Nurse E. M. Sim of Heriot, Otago.

NOWHERE else in the world is there an organisation comparable with New Zealand's School Dental Service. For over 25 years it has grown through the zeal and energy of its personnel, particularly that of its School Dental Nurses.

If you are over 17, hold your School Certificate (or are sitting it this year), have a genuine interest in the welfare of children, and are seeking a responsible work requir-

ing natural ability to teach, to organise and to use your hands—choose a career as a SCHOOL DENTAL NURSE. Courses of training commence every six months at the Dominion Training School for Dental Nurses in Wellington. Enrolments are closing soon for the next course to start in March 1950. Here, Student Dental Nurses spend two years at study and clinical work (accommodation is provided students from out of Wellington) before appointment to clinics throughout N.Z. as School Dental Nurses.

PAY IS GOOD, holidays are good (approximately 8 weeks in the year.)

If you are interested in the

SCHOOL DENTAL SERVICE

as a career, hurry coupon below to DENTAL HQS., D.I.C. BUILDING, WELLINGTON.
