e-l-a-s-t-i-c FIRST AID DRESSINGS

A VARIETY OF DRESSINGS ENSURES IMMEDIATE FIRST AID

A blistered heel can be safely and securely protected by an elastic adhesive First Aid Dressing. It will fit snugly to the awkward shape; assist healing; make walking more comfortable.

Elastoplast dressings are ready cut... for immediate First Aid; elastic...to "give" with skin movement.

Each tin contains an assortment of dressings—it's easy to find a convenient size or shape whatever the injury. (There's a special heel dressing in the larger tin.)

Obtainable in two sizes of RED tins from all Chemists

Made in England by T.J. SMITH & NEPHEW, LTD., HULL.
