MAKING NEW ZEALAND

MAKING NEW ZEALAND — This is the title of the Dominion's very first pictorial history. Thirty illustrated magazines will tell the story of New Zealand—Maori life, the whaling industry, missionary travel, and early immigration settlement—to mention but a few of all the phases of New Zealand's life and development which are so vividly and strikingly illustrated. See—literally SEE, the whole hundred fascinating years of New Zealand's growth. The letterpress will be by leading writers, and the illustrations will present a revelation of modern photographic art, executed from the land, the sea and the air. The treasures of museums and collections throughout the country will be used to bring the past before you.
