With the Branches

Timaru advises that the competition for the Phillips Cup was won by T. Cowles. The re-appearance of an old member, Wally Wright, is recorded with pleasure. The best verifications for the month were 2YN, WOAI, R. Weir; shortwave, HJAB, T. Cowles; Amateur, CM2WD, C. Brittendon.

The Neutrality of the Air

Some time ago we quoted the Australian suggestion that selected amateurs in that country be allowed back on the air. This was evidently mooted as a reprisal for the German action in putting on some of their amateurs. As far as can be ascertained, according to "Radex," eight Germans were transmitting, their call signs being D4BIU, 4ACE, 4ACF, 4BUF, 4RGF, 4TRV, 4HCF and 4DKN. From other sources it is said that, at the slightest opportunity, propaganda was worked into the contact. Undoubtedly these German activities were directed to America. Probably they realised that it was the largest field, but they were foiled when the American authorities forbade their amateurs to contact foreign amateurs. To preserve the neutrality of the air, the American operator was forced to curtail the extent of his hobby.

Cuban Amateur Wants Reports

A card from COK Havana asks for reports to Box 625, Havana. "Kindly report reception and in return we shall gladly send you postcards with views of Cuba." Frequency, 11.57 mc/s.

Shortwave Notes

A new Bangkok station is relaying the Thailand national programme daily from 12.30 to 2.30 a.m. Its call is HSP5 and its frequency 11.71 mc/s.

The Singapore station has been allotted a new frequency of 7.25 mc/s and will operate as ZHN.

VLQ Sydney was heard testing recently on 7.27 mc/s with a programme in French for New Caledonia and the French Pacific possessions. Its call on this frequency is believed to be VLQ9.

XPSA, the Chinese National Government station at Kweichow, has changed frequency to 8.48 mc/s.

The Columbia Broadcasting System's station, WCBX, will shortly have its power increased to 50 k.w. and be moved to a new location at Long Island, New York. The CBS has also been granted permission to operate a new 50 k.w. station on frequencies of 6.06, 9.59, 11.83, 15.27, 17.83, and 21.52 mc/s.

By a new order of the Federal Communications Commission, all stations in the International Broadcasting Service must operate with a power of at least 50 k.w.

WNBI, at Boundbrook, New Jersey, has added a new frequency of 11.82 mc/s and is operating daily from 1.45 to 4.30 p.m. It cannot be heard at present owing to GSN on the same frequency.

ROUND THE WORLD BY RADIO

NEWS BULLETINS IN ENGLISH

THIS list is revised regularly, with the co-operation of the New Zealand DX Radio Association. However, it must be noted that, although all care is taken to include only regular broadcasts, in the present state of international affairs some details may become inaccurate.

NEWS FROM DAVENTRY

THIS is a selection of the news transmissions best heard in New Zealand. Listeners should note that the times given are for news bulletins only, but that these are only items in fuller programmes. The features other than news in the BBC Empire Service are announced by Daventry for each following week every Sunday at the following times: 2.30 p.m., 5.30 p.m., 11.0 p.m., and on Mondays at 2 a.m., 6.30 a.m., and 10 a.m. (our time). BBC announcements, unless otherwise stated, are given in Greenwich Mean Time, which is 11½ hours behind New Zealand Standard Time.
