## RHEUMATISM

### The terrible penalty of neglect.

Look at those deformed hands . . . fingers knotted and swollen . . . inflamed joints so racked with pain that every movement is torture.

That's just how badly rheumatism, if it is neglected, can cripple anyone.

Rheumatism is caused by weak kidneys failing to remove poisons and impurities from the system, especially uric acid which is deposited in the joints. Gradually the deposits of tiny razor-edged uric acid crystals grow until the joints become inflamed, stiff and enlarged—just like the rheumatic hands shown above. No wonder every movement is agony, when sharp uric acid crystals are tearing into tissue and bone.

De Witt's Pills, by restoring weak kidneys to healthy activity, tackle rheumatic troubles at their very root. With kidneys working normally, uric acid is expelled from the system. The swelling disappears and joints become supple again. Your pain ends, because the cause has been removed.

In 24 hours after the first dose De Witt's Pills give you positive proof, from the changed colour of the urine, that they have reached your kidneys—the root of your rheumatic troubles. That is the first and most important step to end crippling rheumatism.

With pain ended, vigour and vitality will return. Then you will soon be feeling and looking years younger.

### Women's Protest To BBC

A RESOLUTION deploring "the deterioration of humorous broadcasts" and "the vulgarities which are now permitted to spoil the pleasure of listeners who would otherwise enjoy entertainment of

this character," has been sent to the BBC by the National Women Citizens' Association. Particular protests were made against the "mock-modest" use of such phrases as "blue pencil" and "cut by the censor" to camouflage swear-words.
