

"His Master's Voice" to-day still stands for supremacy—as it has for over 40 years. In the science of sound reproduction, H.M.V. leads as it has always led. Prove it for yourself, in your own home, by any test you care to make. Ask your nearest H.M.V. dealer to demonstrate. You'll get a new conception of radio performance and value.

Scoop the World's News with this 7-Valve

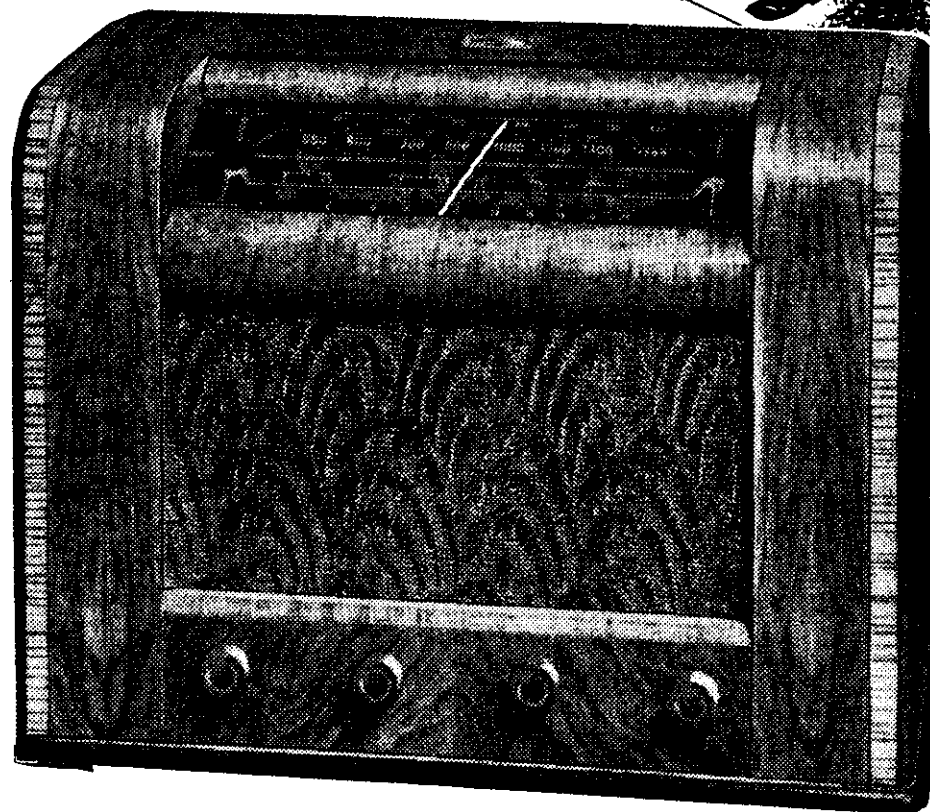

This big, handsome 7-valve All-Wave "Daventry" model is a champion of distance on both broadcast and short-wave . . . and a master of tone. Important features include a 10" wide High Fidelity Ellipticon Speaker, Octal Valves and Radiacoustic Cabinet. Tuning, with the big 18" wide Speedband dial, Coloured Band Indicator, Angle Vision Pointer, Spinner Tuning Control and Magic Eye is a revelation in speed, accuracy and simplicity.
