

Is there a bottle
of 'Dettol' in
your house?

Is there a bottle of 'Dettol' in your house? This, the modern antiseptic, is particularly suited for prompt use in emergency. 'Dettol' is the weapon with which, in our great hospitals and maternity wards, doctors and surgeons protect their patients and protect themselves from the dread risk of septic infection. Because it is entirely non-poisonous and can be used, if need be, without precise dilution, it is equally safe and sure in unskilled hands. Be ready, now, to protect yourself.

'DETTOL'
