

FALSE TEETH

Clean and germ-free

To be safe, dentures must be sterilised, that's why you should use Kemdex, for Kemdex not only removes the most obstinate stains, it cleanses by oxygen, one of the most powerful germicidal agents known. Make a habit of placing the dentures in Kemdex and water overnight; a few minutes in double-strength solution in the mornings just as effective—and they will always be really clean and germ-free. From chemists and stores.

FREE TRIAL OFFER

One trial of Kemdex will convince you that it does all that is claimed for it. Test it at our expense. Write for free trial sample to—
