## THE DOCTOR'S DIARY

*Doctors used to think that patients with backache greatly exaggerated the pains they suffered, but to-day they know that backache is responsible for much misery, suffering and financial loss to many thousands. This typical case will interest other patients, suffering from backache.*

**Doctor:** (Examining patient): Tell me . . . exactly where do you get that pain in your back?

**Patient:** Mostly in the lower part of the back, Doctor, sometimes both sides, but usually more on the right side than on the left.

**Doctor:** I suppose you get headaches frequently?

**Patient:** Oh, yes, Doctor. I often wake up in the morning with a headache and an unpleasant taste in my mouth, too.

**Doctor:** You have to get up at intervals during the night?

**Patient:** Yes, Doctor, and often the passing of urine is very painful. I think it is this that makes me so tired and depressed.

**Doctor:** For how long have you been getting these symptoms?

**Patient:** Oh, for some time now. It wasn't very bad at first, but it's gradually getting worse. Lately my joints have started to swell, especially my ankles and feet. Doctor, why should I get these swellings?

**Doctor:** It is because the waste fluids are not being eliminated from your body, but are getting into your tissues instead. Generally the fluid first collects in the ends of your limbs and so you see it as a puffy swelling in your ankles and feet. These backaches and headaches, as well as the unpleasant taste in your mouth in the mornings, are the result of faulty elimination of waste fluid by the kidneys and bladder. Once you get rid of these poisons which are being carried about in your body by the blood you will be absolutely fit and well. Backache, Kidney Trouble, Rheumatism, Constipation are just a few of the painful conditions caused by these poisons.

That is why Dr. Mackenzie's Menthoids are so good for Backache and Kidney Trouble, because they cleanse your blood of the poisons that cause them.

Backache, pains in limbs and shoulders, stiffness in joints, painful urination, constipation, loss of energy, irritability, bladder weakness and depression, are frequently caused through toxins (poisons) carried in the blood stream. If you suffer in this way, get a flask of Dr. Mackenzie's Menthoids from your nearest Chemist or Store, and begin this great new treatment for the blood right away. A pure herbal remedy, Menthoids can only do you good. They may be taken with safety by even the most delicate patient.

**FREE**  
**Diet Chart**

Every flask of Menthoids contains the valuable diet chart which will help you. Be sure you get genuine Menthoids . . . refuse substitutes of this valuable herbal medicine.

## The Edwardian Way

"HE lived like an epicurean and died like a stoic" was the verdict of Shane Leslie on King Edward VII., who is seen in this photograph with Queen Alexandra shortly after his accession to the throne. This event took place on January 22, 1901, and there began in reality a new century and a new age in English life and letters. The break with Victorianism is nowhere more apparent than in the drama, music, and literature of the period. November 9 is the centenary of the birth of Edward VII., and to mark it, Station 2YA will broadcast next Sunday afternoon a forty-minute programme of special Edwardian interest.
