

LEARN DRESSMAKING

*this **EASY**
Guaranteed way!*

If your ambition is to be able to make beautiful clothes for yourself and your family, for your own pleasure or for profit, the Druleigh Course will bring out the hidden talent that is in you. Everyone can make clothes—when they are properly trained. The Druleigh system has removed all the old-time tedious "Methods." It shows you simply and directly how to get "Results." The Druleigh Method trains you in all branches—designing, cutting, making and fitting.

The Druleigh Course shows you how to dress better—how to save money—and how to get more enjoyment out of life.

WE DON'T CLAIM any monopoly for the training given by Druleigh. It is not based on royalty earning rulers or special charts. It is the practical result of many years of investigation and research among the professional workrooms of Europe, America, Australia and New Zealand. It is a professional way of dress-making and designing, equally.

IT'S SO SIMPLE, the Druleigh way. Either personally at the College, or under the Home Study correspondence method, you are taken through your course step by step in such easy, understandable stages that anyone can become a competent home or professional dress-maker in a few months. You are in close personal touch with your tutors, who are highly qualified practical experts with many years of experience.
