## THREW AWAY HIS STICK

### When Sciatica Yielded to Kruschen

#### Working Now for 4 Years

There can be no doubt that this man has finished walking with a stick, for it is now four years since he discarded it.

He writes:—"For 18 months I suffered with chronic sciatica and rheumatism, and was unable to walk without the aid of a stick. But after taking Kruschen Salts for a short time, I was able to throw away the stick. It is now four years since this happened, and I have had no return of the complaint, and have not lost a day from work. I shall never be without Kruschen Salts, as they are worth their weight in gold. You can use this letter as you please as I can honestly recommend Kruschen Salts to any sufferer."—C.F.

If the eliminating organs become sluggish, they permit harmful uric acid to accumulate and deposit itself in the tissues, muscles and joints in the form of needle-pointed crystals, which, piercing the nerve sheaths, cause excruciating pains of sciatica.

Two of the ingredients of Kruschen Salts have the power of dissolving uric acid crystals. Other ingredients assist Nature to expel these dissolved crystals through the natural channels. In addition, there are still other salts in Kruschen which prevent food fermentation in the intestines, and thereby check the further accumulation not only of uric acid but of other body poisons which undermine the health. Moreover, these various salts are arranged with such scientific exactitude that there is no possibility of lowering after-effects, however consistently "the little daily dose" is taken.

Kruschen Salts is obtainable at all Chemists and Stores at 2/7 per bottle.
