and they're no further from you than your nearest Post Box!

STOP MAN-MADE INTERFERENCE with ENSIGN LINE FILTERS

Besides being picked up by the aerial system, man-made static can also come over the A.C. power mains. Test your set and if it is affected get an Ensign Line Filter. Designed for use with electrically operated radio receivers. Simply fits between the receiver and the wall plug. It will definitely stop all man-made static entering through either A.C. or D.C. Mains. Particularly successful in D.C. and on ships with D.C. generators.

Old Batteries made like new!

"TAR-MAG" BATTERY TONIC

TAR-MAG dissolves the Basic Sulphate of Lead crystals which prevent electrolyte contact, and enables the battery to function as new. TAR-MAG will bring your old battery up to full strength — will increase life of new batteries up to 50 percent. For Better Lighting and Split-Second Starting, try TAR-MAG. TAR-MAG is a liquid, which is simply poured into the cells.
