WE DON'T CLAIM any monopoly for the training given by Druleigh . . . it is not based on royalty earning rulers or special charts. You have the personal guarantee of the Director that it is the best value in instruction ever offered New Zealand women, or your money is refunded. Druleigh training is the practical result of many years of investigation and research among the professional work-rooms of Europe, America, Australia and New Zealand.

**THOUSANDS OF N.Z. WOMEN ALREADY
TRAINED BY THIS PRACTICAL METHOD!**

PAST STUDENTS SAY . . .

"My friends all comment on the smart clothes I am able to have now."
—E.K., Nelson.

"The good position I have now is due to the excellence of the Druleigh tuition."
—J.L., Wellington.

"I will never forget the kind personal interest my teacher took in me. I will always recommend Druleigh to my friends."
—R.N., Auckland.

"It was very interesting; I loved coming and can make anything now."
—B.H., Hamilton.

IT'S SO SIMPLE, the DRULEIGH way . . . either personally at the College, or under the Home Study correspondence method. You are taken through your course step by step in such easy, understandable stages that you can become a competent home or professional dressmaker in a few months. You are in close personal touch with your tutors, who are highly qualified practical experts.

TUITION PAYS FOR ITSELF!

The Course pays for itself as you learn, in the smart frocks you are able to make. Hundreds of students all over N.Z. during the past ten years have testified to the simple, effective Druleigh teaching methods. All sections of girls and women benefit by the training: Mothers of families, business girls, factory employees, girls wanting dressmaking and designing as a career.

MAKE YOUR OWN PATTERNS

You just see a picture of the frock you want and copy it, making any alteration to suit individual tastes. You make all your own patterns.

COUNTRY STUDENTS

Country students and others not able to attend personal classes may arrange excellent home tuition by correspondence through a special course of instruction specially written to meet their needs. You are taken through each stage very carefully, working on paper for a start. Your tutor watches each step, checking and advising you in a very real, personal way all through. The course is profusely diagrammed. One supplementary text book contains approximately 700 illustrations.
