Instructions FOR USING YOUR TORCH IN A BLACKOUT

Reviewed and Passed by the
DOMINION LIGHTING CONTROLLER

1—Every home should have one or more torches. But before seeking to buy new ones, inspect and repair old ones. They may need only a new bulb, or fresh batteries.

2—Keep your torch in an accessible place—and always in its place. Indoors never point it towards unshielded skylights, windows, or open doors.

3—Do not use unshielded torch outdoors in a blackout except when essential. Keep beam level or downwards—always! Never point it towards reflective surfaces.

4—How to Shield your Torch for outdoor use: Cut 2 discs of paper, one black with half-inch hole in centre, the other of white tissue paper, or something equivalent, to cover hole in black disc. Insert both discs between bulb and lens of torch.

Keep Your Torch Loaded with
Fresh EVEREADY Batteries
—and have an extra set on hand in case of long-continued use of your torch.

Inserted for the National
and Individual Welfare by
National Carbon Pty. Ltd.
(Incorp. in N.S.W.)
