

WORK TO BE DONE

THERE has always been a need for us New Zealanders to work hard.

Our standard of living has always depended on the amount of work we did and on the volume of goods we produced. Never, however, have we needed to work harder and more intelligently than now. If we are to play a full part in plucking civilisation and freedom and decency as brands from the burning, we must not only produce more heavily per man, we must conserve more heavily per man. Aye, and per woman. We must save harder.

The A.M.P. Society's business is the conservation of the savings of its members for the easement of their old age, and for the care of their families. To-day, a large proportion of those conserved savings is being turned over to the Nation to lighten its financial burdens. Already the Society has loaned the Government of New Zealand over £6,000,000 and the Australian Commonwealth Government £45,000,000, but it is proudly (and gratefully), adding to these amounts something like £500,000 a month.

Money, however, cannot produce munitions, or ships, or aeroplanes, or foodstuffs; it can only assist in the process of turning raw materials into war materials. The principal factor in winning the war will be work. Work, work, work. Hard and intelligent work. All of us must share in that work, according to our capacity.

THOUSANDS FREED FROM BURNING PAIN OF RHEUMATISM

Spondylitis, Sciatica, Lumbago, Neuritis

If you suffer from any of these complaints, there is one sure way to free yourself from their painful, poisonous grip. They are caused by germs which release deadly poisons in every part of the body. The first signs are vague pains in the joints and muscles. Sometimes the joints "crack" when flexed or bent. Pain grows more acute, until the burning, nagging ache becomes unbearable.

THOUSANDS PAIN-FREE
Thousands of sufferers have

Lantigen C
ORAL VACCINE

confirmed the verdict of modern medical science that only a vaccine treatment is lastingly effective in the treatment of rheumatic disorders. LANTIGEN "C" immunisation treatment gives rapid, genuine relief because it removes the cause by providing an oral vaccine (no pain or injections) which destroys the germs and drives them out of the system.

Sufferers report: "... Was a complete invalid. Went to 5 doctors. Hip had to be bored to relieve pain, but suffered as much as before. Completely well on 3 bottles of Lantigen." Lantigen "C" is sold and recommended by all chemists.
