

Only WHITCOMBE'S Could Present this Outstanding LIST OF BOOKS

The majority of the books listed are the product of our own Printing Works—books produced in New Zealand by our own men and women. We also have, at all our Branches, large stocks of books imported from overseas.

PLANTS OF NEW ZEALAND, by R. M. Laing and E. W. Blackwell. The only comprehensive account of our plant life that is scientifically accurate while being simple enough to be classed as a popular work. It meets the needs of botanists, teachers, students and the general reader at a moderate price. **21/-**

THE BIBLE OF THE WORLD. Here in one volume are brought together the Scriptures of the great religions of the world, Buddhist, Confucian, Taoist, Zoroastrian, Hindu, Mohammedan, Judaic and Christian. This book is an inexhaustible treasury of literature, a guide to the finest spiritual teachings, and a living force for tolerance and understanding. **29/6**

VEGETABLE GROWING IN NEW ZEALAND, by J. A. McPherson and A. C. Pye. A revised and enlarged edition has been compiled in response to a demand for a practical guide for the amateur grower. It has become evident that the production of home-grown vegetables can be of great assistance in balancing the family budget. Information regarding soils, cultivation, manures, varieties and diseases is given in simple terms, and will enable the gardener to produce adequate supplies of vegetables at all seasons. **2/6**

THE FLORA OF NEW ZEALAND, by W. Martin, B.Sc., F.R.G.S. A revised and enlarged edition of New Zealand Nature Study. **6/6**

TALES OF PIONEER WOMEN. The eighty-one authentic tales in this book tell of the lives of women pioneers in every part of the country, and paint a vivid picture of the home-life in the early colonial days. **5/-**
