**B**OB HOPE, whose photograph appears on our cover this issue, and who is featured in *Command Performance* from 22B, Wellington, on Sunday, October 3, at 9.0 p.m., recently scored first on three counts in the 1943 annual "Star of Stars" poll for radio listeners in the U.S.A. He won the title of "Star of Stars;" was voted the

STELLA UNGER

best comedian; and his sponsored session headed the list of favourite programmes.

AT 6.30 p.m. on Friday, October 1, Station 4ZB will introduce the series *Voices of Yesterday*, which features the actual voices of world-famous personalities as reproduced from some of the earliest available recordings. The voice of Admiral Robert E. Peary, relating his experiences at the North Pole, will be the first to be heard in the series from 4ZB.

IN the "Health and Beauty" session on Tuesdays and Thursdays from all ZB stations women listeners will hear answers to some of their problems, for Stella Unger, described as "the female Walter Winchell of American radio," is beginning a series of programmes entitled "Let's Take a Look in Your Mirror," in which she deals with colour-consciousness, suitable styles in clothes and home furnishings, keeping fit, correct make-up, the optimistic outlook, and related subjects.

MANY actual events in the war are incorporated in the serial *Passport to Danger*. These include the march on Warsaw, Hitler's speeches in the Reichstag, and British bombing raids. It will start at Station 2ZA, Palmerston North, on Saturday, October 2, at 8.15 p.m.

## Morale -100%

HERE you see a man for whom the future holds no fears, no worries. His family is provided for against any eventuality. His A.M.P. Life Assurance will be their bread-winner should anything happen to him. What's more, he knows that today his life assurance premiums are doing the three-fold job of safeguarding his family, helping to finance Victory, and obviating the disastrous dangers of inflation. The value to the nation of such citizens is beyond computation. Their prudence and thrift, their faith in the future, their unbounded confidence and cheerfulness build morale both nationally and individually.

The A.M.P. Society takes a natural pride in the fact that, over the years, its members (who own it) have so built up its strength that it now has nearly £15,000,000 invested in New Zealand National and Local Government Loans. In addition it has placed at the Government's disposal for War purposes over Three Million pounds in New Zealand. The Society has now lent over £51,000,000 to the Australian and New Zealand Governments and is adding to this total about £500,000 every month.
