N.Z. LISTENER, FEBRUARY 19, 1954.

And now the BRITISH OIL is here!

Big news for New Zealand motorists! BP ENERGO Motor Oil is here! It's the motor oil of outstanding quality, already established and known throughout the world.

5 times refined

First—DISTILLATION to produce the 'fraction' particularly suitable for high grade lubrication.

Second—DE-ASPHALTING to remove every trace of tarry material.

Third—SOLVENT EXTRACTION to give the utmost stability and to minimise the formation of lacquer and gum.

Fourth—DE-WAXING to give free-flowing properties at low temperatures, ensuring easy starting all year round and instant circulation.

Fifth—ACTIVATED CLAY TREATMENT for maximum resistance to carbon formation.

And then additives are introduced to keep BP ENERGO fresh under severe working conditions and to clean and protect the engine.

There's a complete range of specialised BP ENERGO lubricants too, for better protection for your entire motor vehicle.

Ask for complete lubrication by ENERGO.

Lubrication by
ENERGO

Wherever you see this sign
Ask for BP ENERGO
Motor Oil and complete
lubrication by ENERGO.
You find it at leading service
stations and garages
wherever you see the BP
Puma.
