An excursion into scientific fact is presented from 1ZB at 3.0 in a BBC documentary on Radio-Active Isotopes: a further highlight from the same station is the first episode of Charles Dickens's "Nicholas Nickleby" at 7.30, which will continue each Sunday at the same time.

LeRoy Anderson was a man who seemed destined to work in the strictly classical field of music. Suddenly he found himself a success in the popular field. His "Sleigh Ride," "Syncopated Clock" and promenade compositions have been heard all over the world. 4ZB will present a selection of LeRoy Anderson compositions tonight at 6.30.

At 6.15 this evening, Station 2ZA will broadcast a studio recital by Norrie Denton (tenor).
