

## The Best-laid Plans

THE Marions, of an excellent address in Oriental Bv., Wellington, do not work. They have *Leisure for Living*. This pleasant philosophy worked comfortably enough in the days of hansom cabs, the period of Nelle Scanlan's novel which has been adapted for radio by Oliver Gillespie. However, the search for high success through the ideas for inventions of the two Marion boys, and the need to marry off Rose, the beauty of the

NELLE SCANLAN

family, to a title sends the family to London, accompanied by Mrs. Marion, Birdie (the homely but energetic sister), and dapper, self-assured Uncle Mortimer, whose dreams are getting bigger all the time. How a short, sharp dose of reality brings about a revolution in their lives listeners will hear when *Leisure for Living* is broadcast by the ZB network at 9.35 p.m. on Sunday, October 3.

Mrs. Marion is played by Davina Whitehouse; Mortimer by Selwyn Toogood; Birdie by Paddy Turner; and Willie and Hugh by Allan Rowe and Kenneth Firth.

### Ahead of Fashion

A LENDING library that has women's hats instead of books as its stock in trade is soon to open in London: one hundred exclusive models on the shelves. Borrow your choice for a fee of one dollar and forty cents, return it within two days, or pay an overdue fine. Guaranteed no duplicates. Every hat sterilised upon return. Husbands are expected to welcome the new project and hope they will soon hear for the last time that plaintive wail, 'I just don't have a thing to wear.'—Frederick Oppen, speaking in the BBC's North American Service.

## WAKE UP YOUR LIVER BILE —

Without Calomel — And You'll Jump out of Bed in the Morning Full of Vim.

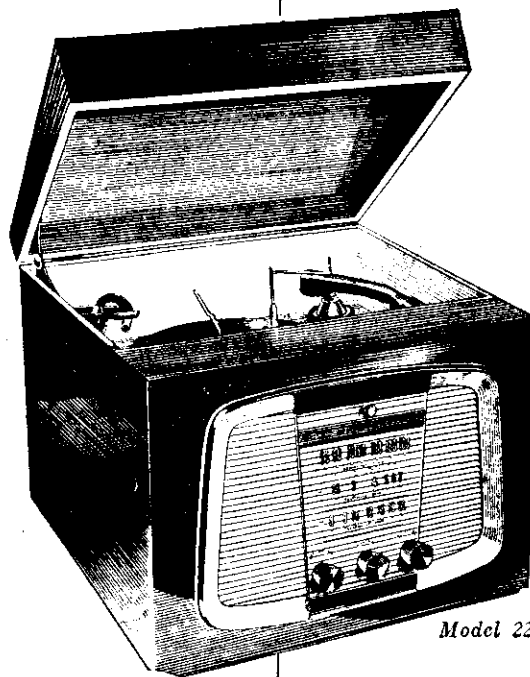

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Wind bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, tired and weary and the world looks blue.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good old Carter's Little Liver Pills to get those two pints of bile flowing freely and make you feel "up and up." Harmless, gentle yet amazing in making bile flow freely.

Ask for CARTER'S Little Liver Pills by name. Stubbornly refuse anything else.

Distributors: Fasset & Johnson Ltd., Levy Buildings, Manners Street, Wellington, C.Z.

There are radiograms and Radiograms. This Murphy Model 222R is in the latter category. We could say that it's fitted with an automatic 3-speed disc changer — high fidelity Decca heads, high sensitivity speaker with special top frequency cone — in fact we could give you technical details ad lib but we won't. When Murphy in England sent us the first prototype we took it limb from limb so to speak and WE are satisfied that there isn't a finer model at the price. What's more we think YOU will agree. When your Murphy dealer comes back to earth after rhapsodising ask him to demonstrate it to you.
