N.Z. LISTENER, OCTOBER 15, 1954.

There are radiograms and Radiograms. This Murphy Model 222R is in the latter category. We could say that it's fitted with an automatic 3-speed disc changer — high fidelity Decca heads, high sensitivity speaker with special top frequency cone — in fact we could give you technical details ad lib but we won't. When Murphy in England sent us the first prototype we took it limb from limb so to speak and WE are satisfied that there isn't a finer model at the price. What's more we think YOU will agree When your Murphy dealer comes back to earth after rhapsodising ask him to demonstrate it to you.
