

Your turn David...
today's first
lesson
is health!

You're making a good job of your hair all right but let's brush up on daily good health first, eh? You must be right *inside* as well as *outside* you know, mister. Now drink your morning glass of Andrews to be sure of daily good health.

What would the family do without Mum? Naturally you, can't expect to be at your best if your system's not kept working properly. That morning glass of fizzy, nice-tasting Andrews does four good deeds in maintaining daily good

health. It helps to keep the system free from troublesome impurities, it soothes and settles the stomach, it tones up the liver and it cleanses and freshens the mouth. Let Andrews help your family get highest marks for health!

ANDREWS
LIVER SALT

Still the best value...
½ lb. tin only 2/6: ¼ lb. family size 4/1

E43.54

SCOTT AND TURNER LTD., 5 MANUKA STREET, WELLINGTON.

for the complete Gardener
