H.M.V. HEAT CONTROLLED IRON

Just set the dial to Rayon, Silk, Wool, Cotton or Linen
as required, and the H.M.V. Heat Controlled Iron
selects the right temperature for ironing each of the
fabrics without the slightest fear of scorching. The
bakelite handle is heat-resistant and heat-insulating,
while the soleplate is untarnishable and heats all
over to give uniform ironing. Difficult garments with
pleats, buckles, buttons, etc., are no problem either,
as the shape of the iron enables you to iron around
and over them. Altogether, these features add up
to smooth, effortless ironing that is thermostatically
heat controlled for complete safety.

This famous iron bearing the world's most trusted name is amazingly low priced at
