FROM MURPHY

THE NEW MURPHY 6 Valve Broadcast Model

We never worry ourselves whether or not our sets are the "best". One man's best is another man's worst and there's no pleasing everyone. What we do worry about is making sets like this new Model 102. It has some pretty nice features—a full size p.m. speaker with the exclusive Murphy cone for really high fidelity response. No-one buys radio sets on looks alone but don't over-look the Sapels mahogany cabinet—it's going to have pride of place in your home—and you get real value for every penny of your £33/19/-.
