**365 DAYS  
EVERY YEAR**

Every woman likes to fortify her menfolk with a good breakfast. But men are so difficult to get up in the mornings—so hard to hurry. The only way is to save time for them, and the sensational new Remington 60 Electric Shaver will really make a big saving in shaving time.

Have a private consultation with any Remington retailer and he will tell you why—no soap or brush or blades, no cuts or scrapes, no washing off, no messy cleaning up, but yet a great saving of

precious time . . . without haste or pressure so that your man arrives at the breakfast table not only in good time but calm, cool and collected, ready to enjoy his breakfast and happy to tackle the day ahead of him.

The first step is to get him his Remington 60, so that he can begin to
