Car owners get smooth power

and more mileage with Mobilgas—

the Famous Economy Run Gasoline

For the long mileage quality of Double Powered Mobilgas—proved in the famous Mobilgas Economy Run—we have to thank Mobil Power Compound.

This exclusive, patented combination of the most powerful chemical additives ever used in a gasoline gives Mobilgas greater mileage potential. Proved in many millions of miles of driving, Mobil Power Compound keeps engines healthy longer by freeing plugs, valves, and carburetors of harmful, gas-wasting deposits. The smoother-running engine that results just naturally produces more road miles.
