

New SPRAY-RITE

UNIT DOSE BUBBLES

ONE CAPSULE MAKES ONE GALLON OF FULL STRENGTH SPRAY

Now you can take the guesswork out of garden spraying! Simply cut one corner off the Spray-rite bubble and squeeze the liquid into a gallon of water. No danger of over-dosage. Three different kinds to combat common pests and diseases and boost growth of everything you plant!

LINDET: Controls all chewing and sucking insects except mites.

THIRAM: Controls Black Spot on roses and pip fruit, Brown Rot on stone fruit and Botrytis Rot on tomatoes.

GRO-STUF: A remarkable foliage fertiliser — should be sprayed every fortnight to make super plants.

SPRAY-RITE

PRODUCT OF IVON WATKINS LIMITED

A sure start towards PRIZE VEGETABLES

Every seed developed by Coopers has almost one hundred years of experience and research behind it. Every seed sold by Coopers is Government tested for purity and germination.

Don't take chances this year . . . plant only Coopers seeds and be sure of success. It's time now to make sowings of

KELVEDON MONARCH PEAS
TARANAKI STRONG TOP CARROTS
COOPERS COMBINATION BEET

And early sowings of main line vegetables
Whatever you choose, the word to use is

Coopers

of course

From leading seedsmen and discriminating stores.
