"What? Me in the Government Loan?"

**Yes, sir! You
and everyone
with £50
or more**

The Government asks you to lend your savings to complete essential works: more homes, more farms, electric power, better railway and telephone equipment. Things that will benefit you, now, and in the future. The country needs *your* help. Why not take a part in helping to develop it? Invest in the Government Progress Loan (2nd Issue) and become a shareholder in New Zealand unlimited.

The interest rates are good, and of course there is no safer investment ... no better security than your own country.
