DIRECT IMPORTS (N.Z.) LTD., Box 72, Hastings.

The New "Popular" Model, though offered at this low price, is in no way inferior in engineering quality to the most expensive Grundig model. By a brilliant modification of design, it achieves superlative results through traditional Grundig ingenuity, and exacting workmanship to the usual high Grundig standard.

FOR THE FAMILY MAN

A Grundig T.K.5 will give you and your family a lifetime of entertainment—fun for your friends and education for your children. Running costs are low because tapes can be played over and over again, or erased and new recordings made. Push button control; tape speed 3¾ in. per second; tape capacity 850 feet (1½ hours' recording time).
